

PET CARE GUIDE

BIRTHDAY: November 7 TALENT: Following his nose FAVORITE SNACK: Honeycomb

HOBBY: Camping -- indoors or out

DAYDREAMS ABOUT: Exciting adventures with you!

IMPORTANT: BATTERY INFORMATION **CAUTION:**

TO INSERT BATTERIES

4X 1.5V C ALKALINE BATTERIES REQUIRED Use a Phillips /cross head screwdriver (not included).

. TO AVOID BATTERY LEAKAGE

a. Always follow the instructions carefully. Use only batteries specified and be sure to insert them correctly by matching the + and – polarity markings.

- b. Do not mix old batteries and new batteries or standard (carbon-zinc) with alkaline

- e. Do not short-circuit the supply terminals.

 f. RECHARGEABLE BATTERIES: Do not mix these with any other types of batteries. Always remove from the product before recharging. Recharge batteries under adult supervision. DO NOT RECHARGE OTHER TYPES OF BATTERIES.
- 2. Should this product cause, or be affected by, local electrical interference, move it away from other electrical equipment. Reset (switching off and back on again or removing and re-inserting batteries) if necessary.

BABBLIN' PLAY

Talk to your pet & he babbles back. For best results, stand close to him (about six inches away). See what he does when you play music!

FUN & GAMES

FEEDING & CARE

Press pet's left paw & he can: raise his arms to be picked up, start playing peek-a-boo, or surprise you!

NOTE: Bottle is not intended to be filled with liquid.

Give pet his bottle or treat & he makes eating sounds. (Gently nudge bottle or treat into his mouth until it opens.) He likes it when you pet his head & tummy. He loves it when you pick him up and hug him! He'll quickly fall asleep when you lay him on his back.

NIGHTIME MODE

 He'll start one of three 5-minute sequences in which he closes his eyes, makes sleepy sounds, & plays soft music or ambient forest sounds.

 You can change the sequence by pressing his left paw (all other activation points are inactive in this mode).

 After sequence is complete, pet will shut off. Turn switch back to (ON) position to wake him up.

SLEEP MODE

After about a minute of non-activation, your pet will go to sleep (but will not shut off). Wake him up by pressing his mouth or left paw.

POSING

Pose his back legs to stand & sit. (You'll hear a small click -- that's okay!)

TIPS & TROUBLESHOOTING

Pet functions best indoors on a hard, flat surface. Avoid grass and high-pile carpeting. If pet doesn't make eating noises when being fed, try nudging the bottle further into his mouth, depressing his lower jaw. For better results when feeding pet his honeycomb, try holding treat vertically. If pet isn't responding properly, try moving him to a quieter room. If he's still unresponsive, it may be time to

SURFACE CLEAN ONLY

change the batteries.

Gently wipe off dirt with soft, damp cloth. Do not get wet. Do not use stain removers.

YOU'LL FIND LOTS MORE TO DISCOVER ABOUT YOUR CUDDLY FRIEND! WHAT STORIES WILL YOU SPARK TOGETHER?

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation. NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy, and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and the receiver.
- Consult the dealer or an experienced radio/TV technician for help.

CAUTION: Changes or modifications to this unit not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment. CAN ICES-3 (B) / NMB-3 (B)
